# Pietro Dedola

*Economics Ph.D. student: decision theory, econometrics, statistical learning*

*Princeton, NJ*
*pdedola@princeton.edu*
*linkedin.com/in/pietro-dedola-65226b296*

## Education

2029 (expected) **Ph.D. in Economics**, *Princeton University*, Princeton, NJ
Fields: Microeconomic Theory, Decision Theory; Econometrics, Machine Learning.

2026 **M.A. in Economics**, *Princeton University*, Princeton, NJ

2023 **M.Sc. in Economic and Social Sciences**, *Bocconi University*, Milan, Italy, 110/110 with honors

2021 **B.Sc. in Economic and Social Sciences**, *Bocconi University*, Milan, Italy, 110/110 with honors

## Working Papers

Separating Perceived Ambiguity and Ambiguity Attitudes, with E. Bonaglia.
- *Best Third-Year Paper Award, New York University.*
- Establish a unique decomposition of ambiguity preferences into perceived ambiguity and ambiguity attitudes, identifying perceived ambiguity through statistical sufficiency.

## Work in Progress

**Econometrics and Machine Learning**

Robust GANs for Downstream Decisions, with F. Palomba.
- Study when GAN-generated data are useful for downstream statistical decisions, beyond approximating the data distribution.
- Investigate how discriminator classes affect decision regret and robustness to distributional misspecification.

A Projection-Based Approach to Adaptive Bandwidth Selection for KDE, with M. D. Cattaneo.
- Develop a novel adaptive method for bandwidth selection in kernel density estimation.
- Exploit Sobolev-space geometry to assess smoothing bias from the data, without prior knowledge of the density's smoothness.

**Economic Theory**

Cautious Completions of Mutual Information, with S. Dotta.
- Characterize convex and dilution-linear completions of the mutual information order.
- Investigate empirical patterns of information acquisition induced by the resulting information costs.

## Honors & Awards

2024 13th U.S. Ph.D. Giovannini Scholarship, UniCredit Foundation.

2021 Bocconi Graduate Merit Award (full tuition).

## Conferences & Workshops

2026 Risk, Uncertainty & Decision (RUD); Northwestern Economics–Kellogg Summer School in Economic Theory Workshop (presented *Cautious Completions of Mutual Information*).

2025 Decision: Theory, Experiments, and Applications (D-TEA); Risk, Uncertainty & Decision (RUD).

## Refereeing

*Journal of Econometrics*; *Econometric Theory*; *Journal of Economic Theory*; *Decisions in Economics and Finance*.
